Skool van die Toekoms

Wissie

Die skoolvoortreker wil die skool van kouse wees, met behoud van getalpte opvoedende enoemys in die tradisie van ons skool.

Mission

Die skoolvoortreker streef na die skool van keuse through an equal partnership between parent and educators resulting in the enhancement of our children and the development of each one to his/her full potential through quality education, to the benefit of the community.

9 September 2021

NEWSLETTER 6 OF 2021

1. SUMMER SCHOOL UNIFORM:

It is compulsory for all learners to wear summer school uniform as from Monday, 13 September 2021. The Covid infection rate has decreased and the worst of the cold weather is over.

Take note of the following:

- No beanies.
- No long-sleeved t-shirts under short sleeve school shirts.
- No scarves.
- No hoodies, sweaters or jackets.
- No trousers for girls.
- No winter tights.
- Hair must be neat, no patterns may be razor-cut, no coloured/dyed hair.
- No metal/plastic on/tn braiding. All braids/hair that touch the collar to be tied up in a ponytail.

Please note that any learner who does not adhere to the dress-code as stipulated will be sent home. We are proud of our school and our uniform. Instilling pride and discipline are key factors to shaping responsible young people to contribute positively to society.

2. CELL PHONE USAGE:

Learners need to keep their cell phones and earphones unplugged and switched off while in class. Learners who do not adhere to the rules will have their cell phones and earphones confiscated. If there is an emergency the admin office will contact parents. Learners who feel ill must report to the office, they may not call parents from class. All communication happens via the office. Please consult the Code of Conduct concerning the issue on cell phones.

3. TEST CYCLE:

The official test cycle for term 3 started yesterday, 8 September 2021. If a learner misses a test a doctor's certificate is required. All academic classes continue as usual for the day. Time is set aside for the test cycle. Learners may not be absent. The academic results have shown that learners are not studying hard enough. We implore parents to monitor their children at home and ensure that they study diligently.

4. ABSENTEEISM:

We are concerned about the number of learners who are absent. Too much work is missed out on and cannot be repeated. Please assist us in making sure your child attends school regularly.

5. POPPI -ACT AND SOCIAL MEDIA:

In light of changes to the POPPI Act which have been made we request that all parents urgently complete the form and return it to the school by Monday, 13 September 2021.
